INDEX TO VOLUME III

A

Abramson, Harold, and Hess, A. F., 158 and Schwarz, H., 586
Abt, Arthur F., 7
Acrodynia, 45
Adolescence, body build and allergy in children, basal metabolic rate, variations in, in relation to, 856
Adrenal, tumor of, virilism and hypertension in infancy associated with, 629
Aging, effect of, on the potency of spray dried antiscorbutic material, 93
Allergy, body build and adolescence in children, basal metabolic rate, variations in, in relation to, 856
as related to otolaryngology and pediatrics, critical review, 516
round table conference on, 523
Amberg, Samuel, and Nutting, R., 31
American Academy of Pediatrics, 407
Meeting of Region III, 937
Proceedings Third Annual Meeting, 394, 523
Amesse, J. W., and Black, M. H., 902
Anemia, genesis of, rôle of erythrocyte fragmentation in, 55
Antiques of pediatric interest, 374, 514, 639, 779, 907
Ataxia, hereditary, 623

B

Bakwin, Harry, and Bakwin, R. M., 36, 880
Bakwin, Ruth Morris, and Bakwin, H., 36, 880
Bile duct, common, dilatation, idiopathic of, in children, 730
Black, Mervin H., and Amesse, J. W., 902
Blackfan, Kenneth D., and McKhann, C. F., 45
and Wolbach, S. B., 679
Blood, disorder of, characterized by bleeding, round table conference on, 916
cells, picture of, in early stages of pertussis, 367
whole, citrated, intramuscular use of, in measles epidemic, 509
Bloxsom, Allen Penny, 623
Body build, adolescence and allergy in children, basal metabolic rate, variations in, in relation to, 856
determining appropriate weight for, 608
in infants with acute intestinal intoxication, 36
weight, appropriate, determination of, for body build, 608
Bone growing, x-ray shadows in, produced by lead, 265
Bost, Crawford; Lucas, W. P.; Pryor, H. B.; and Pope, S. T., Jr., 856
Boulanger-Pilet, G., and Nobécourt, P., 944 (Book Review)
Brucella abortus infection in early infancy, 502
Butler, Allan M.; McKhann, C. F.; Gamble, J. L.; and Marsh, P., 84

C

Calcium metabolism and phosphorus, derangements of, in nephritis, 192
Cary, M. Katharine, and Darrow, D. C., 573
Children, sick, clinical study and treatment of (Book Review), 944
Cholesterol of blood, partitions of, in myxedema, 242
Chorea in the negro race, 775
treatment of, by induced fever, 813
Coe, Herbert E., 376
Cohen, Henry; Miller, P. R.; and Kramer, B., 299
Comments, 406, 537, 677, 812, 945
Cooley, Thomas B., and Lee, P., 55
Cowan, A., and Silberman, M., 498
Craig, John Dorsey; DeSanctis, A. G., and Fales, Helen L., 891
Cretinism, cholesterol partitions of blood in, 242
Critical review, allergy as related to otolaryngology and pediatrics, 516
disorders of internal gland secretion in children, 907
neurological conditions in infants and children, 781
surgical pediatrics, 376
tuberculosis in children, 641
Czerny, Adalbert, an appreciation, 5

D

Darrow, Daniel C., and Cary, M. K., 573
Davison, Wilburt C., 64
Deformity, congenital, of rib and spine, multiple, 870
Denver, infant mortality of, 718
DeSanctis, Adolph G.; Craig, J. D.; and Fales, H. L., 891
Development, growth and, of the child, 465 (Book Review)
Diarrhea and associated systemic disturbances, observations on the nature and treatment of, 181
intracellular fluid loss in, 84
Diet, ketogenic, value of encephalography in the selection of patients with epilepsy for treatment by, 359
Diphtheria, immunization with concentrated toxoid intradermally, 112
respiratory paralysis, management of, by mechanical respirator, 580
vulvovaginal, 756
Disappearing time of dyes, injected intradermally, 31
Dodge, Katherine G., and Sutton, L. P., 813
Dolgopol, Vera B., 367

Drake, T. G. H., 374, 514, 639, 779, 907
Dwarfism and chronic interstitial nephritis, 902
Dyes, disappearing time of, injected intradermally, 31
Dystrophy, muscular, pseudohypertrophic, 352

E

Eczema of infants and children, serum proteins and lipoids, 78
Eley, R. Cannon, 359, 781
Elterich, Theodore O., 761
Encephalitis, postvaccinal, 461
Encephalography, value of, in the selection of patients with epilepsy for treatment by the ketogenic diet, 359
Epilepsy, allergic, 505
  value of encephalography in the selection of patients for treatment by the ketogenic diet, 359
Epstein, J., 635
Equilibrium acid-base, with the use of continuous intravenous therapy in alimentary intoxication in infants, 299
Erythrocytes, fragmentation, rôle of, in the genesis of anemia, 55
Erythroblastosis in icterus gravis neonatorum, 7
Examination health, developmental, 415

F

Faber, Harold K., and Roberts, D. B., 78
Fales, Helen L.; DeSanctis, A. G.; and Craig, J. D., 891
Feeding infant, common sense in, 772
Fever, induced, treatment of chorea by, 813
Findlay, Leonard, and Thomson, J., 944 (book review)
Fliess, Maurice M., and Jordan, J. V., 502
Fluid intracellular, loss of, in diarrheal disease, 84
Food, infant, critical clinical study of, 891
  strained solid, advantages of, in early months of infancy, 883
Fruit feeding and vegetable, influence of, upon the iron metabolism of infant, 225

G

Gamble, James L.; Butler, A. M.; McKhann, C. F.; and Marsh, P., 84
Gengenbach, F. P., 718
Gerstenberger, Henry J.; Smith, D. N.; and Hacker, G. L., 93
Glands of internal secretion, disorder of, in children, critical review, 909
Glazier, Manuel M., 883
Glycine, treatment of three cases of pseudohypertrophic muscular dystrophy, 352
Gold tribromide, treatment of pertussis with, 635
Goldbloom, Alton, and Klein, D. L., 112
Goodwin, T. C.; Park, E. A.; Jackson, D.; and Kajdi, L., 265
Gordon, J. E.; Young, D. C.; and Top, F. H., 580
Greenwald, Harry M., 117
Gross, Robert E., 730
Growth and development of the child, 405 (book review)
  developmental aberrant, measurement of, 424
  human, motion of, 252
  problems, basal metabolic rate, variations in, in relation to body build, adolescence and allergy in children, 856
  rate of alleged correlation between and composition of milk of the species, 201
Grulee, Clifford G., 132
Guest, George M., and Mitchell, A. G., 192

H

Hacker, G. L.; Gerstenberger, H. J.; and Smith, D. N., 93
Hansel, French K., 516
Happ, William M., 772
Hartmann, Alexis F.; Marriott, W. M.; and Senn, M. J. E., 181
Heart dilatation and hypertrophy of, in infancy due to parenchymatous myocarditis, 321
  disease, rheumatic in children, round table conference, 654
Heine, Jacob, and his contribution to poliomyelitis, 765
Helmholz, Henry F., 144
Hess, Alfred F., and Abramson, H., 158
Hill, Lee Forrest, 641
Hydro-climatological therapy in pediatrics, 944 (book review)
Hypertelorism, 498
Hypertension and virilism in infancy associated with adrenal tumor, 629

I

Icterus gravis neonatorum, erythroblastosis in, 7
Infant welfare movement, early history of, 943 (book review)
Intoxication, intestinal acute, body build in infants with, 36
Intravenous therapy continuous, and acid-base equilibrium with the use of, in alimentary intoxication in infants, 299
Iron, metabolism of, in infant, influence of fruit and vegetable feeding upon, 225

J

Jackson, D.; Park, E. A.; Goodwin, T. C.; and Kajdi, L., 265
Jordon, J. V., and Fliess, M. M., 502

K

Kajdi, L.; Park, E. A.; Jackson, D.; and Goodwin, T. C., 265
Karelitz, Samuel, 166
Kenny, F. E., and Sanes, S., 321

Kidney, changes in, in the rabbit, resulting from intravenous injections of hypertonic solutions of sucrose, 144
Kiphuth, R. J. H., and Phelps, W. M., 942
Klein, David L., and Goldbloom, A., 112
Klein, J., 505
Kohn, Jerome L., 176
Kramer, Benjamin; Cohen, H.; and Miller, P. R., 299
Kunstadter, Ralph H., 479

L

Lead, x-ray shadows in growing bones produced by, 265
Lee, Pearl, and Cooley, T. B., 55
Litvak, Abraham M., and Wallfield, M. J., 756
Lord, Robert M., 509
Lucas, William Palmer; Pryor, H. B.; Bost, C.; and Pope, S. T., Jr., 856
Lueth, Harold G., and Sutton, D. C., 775

M

McCleary, G. F., 943
McKhann, Charles F., and Blackfan, K. D., 45
Butler, A. M.; Gamble, J. L.; and Marsh, P., 84
McQuarrie, Irvine, 539
Marriott, W. McKim; Hartmann, A. F.; and Senn, M. J. E., 181
Marsh, Pauline; Butler, A. M.; McKhann, C. F.; and Gamble, J. L., 84
Maternal infection, measles in newborn infants, 176
Measles in newborn infants (maternal infection), 176
use of whole citrated blood intramuscularly in, 509
Metabolism basal, interpretation of, of children, 247
variations of, in relation to body build, adolescence and allergy in children, 856
Mettel, Howard B., and Slocum, Y. K., 352
Milk, fresh whole, modified without fat deficiency, 891
composition of, of species, alleged correlation between, and rate of growth of sucklings, 201
soft curd, production and use of, 449
Miller, Philip R.; Cohen, H.; and Kramer, B., 299
Mitchell, A. Graeme, and Guest, G. M., 192
Morris, Myrl, and Richardson, G. A., 449
Morse, Minerva; Schlutz, F. W., and Oldham, H., 225
Mortality, fetal and neonatal, 132
infant of Denver, 718
Myelophthisis, 117
Myelosarcomatosis, 479
Myocarditis, parenchymatous, dilatation and hypertrophy of heart in infancy due to, 321
Myxedema, cholesterol partitions of blood in, 242

N

Negro race, chorea in, 775
Nemir, Rosa Lee, 827
Nephritis, interstitial chronic with dwarfism, 902
metabolism of calcium and phosphorus in, derangements of, 192
treatment of, round table conference, 797
Neurocutaneous syndromes in childhood, 586
Neurological conditions in infants and children, critical review, 781
Newman, Samuel, 461
News and notes, 404, 534, 674, 939
Newly born infant, measles in (maternal infection), 176
Nobécourt, P., and Boulanger-Pilet G., 944
Nutting, Roland, and Amberg, S., 31

O

Oldham, Helen; Schlutz, F. W., and Morse, M., 225
Ossification of carpal centers, retardation, familial in, 158
Osteosclerosis congenital, 439

P

Paralysis, Duchenne-Erb paralysis of phrenic nerve in the newborn, associated with, 471
respiratory, postdiphtheritic, management of, by mechanical respirator, 580
Parotitis, purulent, in the newborn, 761
Park, E. A.; Jackson, D.; Goodwin, T. C.; and Kajdi, L., 265
Pediatrics, surgical, critical review, 376
What is it? 64
Peptic ulcer, chronic, in childhood, 568
Pertussis, blood picture in the early stages of, 367
treatment of, with gold tribromide, 635
Phelps, W. M., and Kiphuth, R. J. H., 942
Phosphorus, metabolism of, and calcium, derangements of, in nephritis, 192
Phrenic nerve, paralysis of, in the newborn associated with Duchenne-Erb paralysis, 471
Pneumonia, treatment of, in infants and children with antipneumococcus serum, 827
Poliomyelitis, acute, serum treatment in, present status of, 330
Jacob Heine and his contributions to, 765
treatment of, past and present, 217
Pope, Saxton T., Jr.; Lucas, W. P.; Pryor, H. B.; and Bost, C., 856

Posture, defects of, diagnosis and treatment of, 942 (book review)
Powers, Grover F., 201
Prematurity and syphilis, congenital, use of stovarsol in prophylactic and curative treatment of, 841
Pryor, Helen B.; Lucas, W. P.; Bost, C.; and Pope, S. T., Jr., 856
and Stolz, H. R., 608
Pyloric stenosis, hypertrophic in twins, 493

R

Rainey, Warren R., 707
Rambar, Alwin C., 841
Rectum, prolapse of, in children, 707
Respirator, mechanical, management of postdiphtheritic respiratory paralysis by, 580
Richardson, George A., and Morris, M., 449
Rickets, renal, note on the pathogenesis of, 192
Roberts, Dorothy B., and Faber, H. K., 78
Robertson, George E., 438
Roentgen-ray shadows in growing bones produced by lead, 265
Rosenbaum, Harold A., 434
Round table conference, allergic conditions, 523
blood disorders characterized by bleeding, 916
rheumatic heart disease in children, 654
treatment of nephritis, 797
Ruhräh, John, 217, 765

S

Sanes, S., and Kenny, F. E., 321
Sarcomatosis, myelo-, 479
Schlutz, F. W.; Morse, M.; and Oldham, H., 225
Schwarz, Herman, and Abramson, H., 586
and Topper, A., 242
Scurvy, effect of aging on the potency of spray dried antiscorbutic material, 93
Senn, Milton J. E.; Marriott, W. McK.; and Hartmann, A. F., 181
Serum albumin and globulin of newborn, premature and normal infants, 573
proteins and lipoids in eczema of infants and children, 78
therapy, antipneumococcus, treatment of pneumonia in infants and children, 827
in acute poliomyelitis, present status of, 330
Shain, Joseph H., 870
Silberman, M., and Cowan, A., 498
Slocum, Y. K., and Mettel, H. B., 352
Smith, Donalda N.; Gerstenberger, H. J.; and Hacker, G. L., 93
Spray dried antiscorbutic material, potency of, effect of aging on, 93
Stein, Jacob L., 471
Stolz, Herbert R., and Pryor, H. B., 608
Stovarsol (acetarsone) survey of one hundred cases of congenital syphilis treated with, 434
use of, in prophylactic and curative treatment of congenital syphilis, 841
Sucrose, hypertonic solution, intravenous injections of, renal changes in the rabbit resulting from, 144
Surgery in pediatrics, critical review, 376
Sutton, Don C., and Lueth, H. C., 775
Sutton, Lucy Porter, and Dodge, K. G., 813
Syphilis, congenital and prematurity, use of stovarsol in prophylactic and curative treatment of, 841
treated with stovarsol, survey of one hundred cases, 434

T

Talbot, Fritz B., 247, 909
Tetany in infants without rickets, 880
Thomson, John, and Findlay, L., 944
Todd, T., Wingate, 415
Top, F. H.; Gordon, J. E.; and Young, D. C., 580
Topper, Anne, and Schwarz, H., 242
Toxemia, alimentary, 166
in infants, acid-base equilibrium with the use of continuous intravenous therapy, 299
Toxoid diphtheria, immunization with concentrated, intradermally, 112
Tuberculosis in children, critical review, 641
Twins, hypertrophic pyloric stenosis in, 493

V

Van der Bogert, Frank, 629
Varden, Arthur E., 493
Vegetable feeding and fruit, influence of, upon iron metabolism of infant, 225
Virilism and hypertension in infancy, associated with adrenal tumor, 629
Vitamin A, deficiency in infants, 679
D, deficiency, tetany in infants without rickets, 880

W

Wallfield, Mark J., and Litvak, A. M., 756
Water metabolism, significance of, in health and disease, 539
Wesselhoeft, Conrad, 330
Wetzel, Norman C., 252
White, Charles Stanley, 568
Wolbach, S. Burt, and Blackfan, K. D., 679
